November 1, 1977

Mr. Herb Henne  
P.O. Box 501  
Hanksville, Utah

Dear Mr. Henne:

After our visit with you at your camp in the Henry Mountains on the 18th of October 1977, Mr. Thompson and I inspected the road and mine development work which you described to us. Time did not permit us to report back to you that night, thus, this communication.

Judging by the size and extent of your operation, it is subject to the Mined Land Reclamation Act of 1975. This means that it now is in violation of the law and your immediate action is necessary to ameliorate the situation with the Division.

Forms for your use in bringing this operation in compliance are enclosed. To begin the filing process, submit the enclosed forms MR-1 and MR-2, in addition to a map of the operation. These forms are self explanatory and should be completed and submitted to this office by the 1st of December 1977. Our staff will be available to assist you in preparing the Mining and Reclamation Plan if you so desire.

Failure to comply with the law will result in Board action against you and/or A.A.E.C.

A copy of the law book is included for your use.

Sincerely,

DIVISION OF OIL, GAS, AND MINING
